**OBITUARY**

**Adele Marguerite Henderson**, of Napanoch, passed away peacefully surrounded by family on August 13, 2022. She

was 89.

Adele was born on January 14, 1933 in Ellenville, NY to Austin Brown and Angela Mildred Bliss. She

was raised by her father and grandmother

on a farm in Lackawack. She attended elementary school in a one-room schoolhouse in the valley now nestled under the Rondout Reservoir, and transferred to Ellenville High School in the ninth grade, where she met the love of her life, a Brooklyn-born boy by the name of Paul Henderson. They married soon after Adele graduated high school and began what would be a beautiful life together, building a home filled with love, celebration, food, and music and raising seven children-bearing witness to a strong, steady, faithful love spanning 62 years.

Adele, affectionately known as "Mom," "Nanny," and "Aunt Adele," was truly a compassionate and loving person, traditional in her values of family and friendship, the kind of person whose kindness radiated to everyone around her. She possessed a combination of character traits rarely found-selfless and openhearted, wise and sensible, a woman of true grit. She did what was right, not what was easy. She was quick to welcome and "adopt" anyone who crossed her doorstep, offering comfort with a cup of coffee, a bowl of homemade soup, and unconditional love. She was morally strong, and she always stood up for the underdog or those who could not adequately defend themselves. With gentle nurturing, she inspired in her children a love of nature and appreciation for kindness. As one story goes, when preparing her children's school lunches, she would make a few extra sandwiches for them to discreetly pass on to others who were less fortunate.

Adele enjoyed her family, pets, gardening, homesteading, birdwatching, and reading, and she was a remarkable cook. She could take anything from the pantry and whip up the most delicious meal from what was on hand. Her courage and vibrant, active mind were an inspiration to many. She wasted nothing and took nothing and no one for granted, drawing people from all walks of life into the family. Many fond memories were spent with Adele on her front porch up on "the hill," where she enjoyed the mountain view, watching "her birds" and visiting with those she loved most. She will be deeply missed by all who knew and loved her.

Adele's magnum opus was the raising of seven children and "adopted" children who cherished her steady, loving presence. She leaves behind six children, Steven Michael Henderson, Adele Barnard and her husband Chuck, Barbara Henderson and her husband Sherman Richards, Loretta Sauermelech and her husband Charles, Paul Henderson, Jr., and Jennifer Perito and her husband Anthony; thirteen grandchildren, Maggie, Kate, Austin (Pam), Ryan (Allyson), Gregory (Gillian), Celia (Jeffrey), Olivia (Gauge), Michael, Emma, Caleb, Noah, and Aaron; seven great-grandchildren, Zoey, Ayden, Ryan, Jeremy, Eden, Elliot, and Brantlee; beloved nieces and nephews who were as children to her, Claude, Terry, Mary, Mary Ellen, Rob, Frank, Susie, Christine, Cindy; and a host of extended family and friends. She was predeceased by her beloved husband, Paul, her son Gregory Henderson, her grandson Gabriel Edwards, her sister Connie Pivin, her nephews, James Pivin, John Pivin Jr., Rick Henderson, Tim Godfrey, and niece Kathy Godfrey.

A visitation took place on Tuesday, August 16, 2022 from 6-8 pm at Colonial Memorial Funeral Home, 396 State Route 52 in Woodbourne. A graveside service was held on Wednesday, August 17, at 10 am at Furman Cemetery on Yeagerville Road, in Napanoch.

In lieu of flowers, donations in memory of Adele may be made to Liberty Lifesavers (formerly the Sullivan County Pregnancy Support Center) at PO Box 832, Liberty, NY 12754 or AFTLOW Pet Rescue at PO Box 125, Kerhonkson, NY 12446.

## DAYS OF YORE... Today's History

### August 20, 1952

Mr. and Mrs. Kenneth Phillips of Minnewaska have bought the Grant Sheley farm on South Hill. Known far and wide as "Hilltop Farms", the place includes the summit of South Hill.

### August 8, 1962

Many friends from the Tri Valley area attended the wedding of Miss Sally Mason Howell and Mr. Charles Henry Matz on August 4th at the Chapel of the Holy Name in Cragmoor. Mr. Matz who held the position of Vocalist at the Tri Valley School for a number of years and Miss Howell, a former member of the Tri Valley faculty were well liked in the area. Following their honeymoon, they will be at their new home in Norwalk, Conn.

A three foot long, thirty pound ocelot was recently located in the Narrowsburg, N.Y. section of the Catskills, according to New York State Guide, Nat Feagles. The animal, an obvious loser in a porcupine scrap, was brought into Nat's Hillside Inn Hotel in Narrowsburg. Normally, the ocelot, a moderately large South American cat, ranges north only as far as the Rio Grande River and is not known to inhabit this section of the country. This one will be around for a bit longer...it's headed for the taxidermist for mounting.

### August 23, 1972

Mrs. Virginia Levy, 42, owner and operator of the Grahamsville General Store, died Thursday at Hamilton Avenue Hospital, Monticello after a short illness. She was a member of the Grahamsvill United Methodist Church, member of the Ladies Auxiliary of the Grahamsville Fire Department and a member of the Grahamsville First Aid Squad. Survivors include her husband, Joseph at home; three sons, Walter, Joseph and Daniel; a daughter, Miss Virginia Levy all of Grahamsville.

Mrs. Samuel J. Messinger, became the bride of Joseph Provenzon on August 12, 1972. Mr. Provenzon is the son of Mr. and Mrs. Samuel Provenzon of Sidney, N.Y. The ceremony was performed at the Grahamsville Methodist Church, the Rev. Newton Ford officiating. After their honeymoon, the couple will reside in Sidney, N.Y. (Contd. Pg. 7)

## Household Hint:

### Shine up your shower doors

To leave your glass shower doors sparkling clean - and to remove all of those annoying water spots - wipe them down with a cloth dipped in a solution of 1/2 cup white vinegar, 1 cup ammonia, and 1/4 cup baking soda mixed in 1 gallon warm water.

## The Seasons of an Evening Primrose

Throughout the summer there always seems to be at least one wildflower blooming that brings a bit of 'sunshine' even on a rainy day. Not only are the Goldenrod on show this time of the year with their golden glow, you will also see the Evening Primrose (Onagraceae-Oenothera biennis), another one of Nature's cheery yellow flowers.

Evening Primrose is a biennial -- it has a two year life span. The first year you'll see elliptic to lanceolate shaped leaves that measure between 2 to 8 inches long and 1 to 2 inches wide. The leaves have wavy margins, a prominent white mid-vein, perhaps some red tinges on the leaf tips and grow in a tight rosette. The second year a stem grows with alternate leaves growing smaller with height.

The cup-shaped flower has a bright yellow to gold corolla and is about 1 to 1 1/2 inches wide, with four petals. The fragrant flowers usually last only one to two days, although the plant flowers from June through October.

Its basal leaves form a rosette near the base of the plant. The erect stem, which sometimes branches near the top, can be covered with hairs. The plant grows from 2 to 4 feet tall. The stem has alternate, lanceolate-shaped leaves that are 2 to 8 inches long and spiral around the stem starting from the ground. They are dark green, serrated and usually have reddish veins. The leaves are usually hairy.

The flowers are hermaphrodites that produce a 1-2 inch fruit capsule that contains numerous long seeds. The seeds are released when the capsule splits into four sections at maturity

The Evening Primrose, a native to the U.S. including the Catskills, is a biennial, herbaceous flowering plant. The family is so-named because the flowers are partially to fully closed during the day and usually open in the evening. The plant flowers from June through October.

The evening primrose can become an invasive plant. It takes that task of seeding very seriously, producing seed in copious amounts,

Evening Primrose has several folk names including King's Cureall, night candle, fever plant, night willow herb, scabish, sun crop, scurvish, or wild beet. In the Victorian language of flowers, evening primrose represents fickleness.

Evening primrose was used by many Native Americans to make poultices and heal wounds. The Cherokee, Iroquois, Ojibwas, and Potawatomi were among several Native American tribes that used common evening-primrose for both food and for medicinal purposes and to improve their strength.

Today it is mainly used for the production of its oil, which has a range of therapeutic properties and the ripened seedpods on the tall stalks are cut to be used as interesting additions to dried floral arrangements.

Because the brilliant yellow goblets of the beautiful evening primrose grow so easily, you'll see them thriving uncared for along roadsides this time of the year reminding us with its sunny yellow glow that summer isn't over yet.

### Flight of the Fox

An electrifying, propulsive and timely thriller was just released that, by all rights, should shoot to the top of every bestseller list in the country. If ever an author stepped up to the plate, took a swing, hit it right on the sweet spot and out of the park . . . this is it.

*Flight of the Fox*, (Down & Out Books, PB, \$18.95, 381 pages, ISBN 978-1-946502-61-2) by Gray Basnight is a tour de force of a government agency that's so out of control it will do anything to protect itself and its secrets. It's a story that could have been ripped right out of yesterdays, todays, or tomorrows headlines . . . and no matter which side of the political divide you're currently on . . . this gripping yarn about a black-ops unit within the Federal Bureau of Investigation will keep you enthralled to the very last page.

The novel begins in Bethel, New York. It's the fiftieth anniversary of Woodstock, and near the world-class Bethel Performing Arts Center –which is on the old Yasgur Farm where the now-legendary festival took place, Professor of Advanced Mathematics Samuel Teagarden, is resting his once –broken-and still mending –knees on the deck of his vacation home. He's in mourning over the death of his wife, who was killed in the same accident that damaged his legs. As he watches the hummingbirds at their feeder and reminisces, a strange, baseball-sized mini-drone flies up and tries to kill him. It's followed by a cluster of three more, each one programmed for assassinating him. All of this happens because a government archivist-the son of another math professor who's a personal friend –sent Teagarden an old, handwritten file that's in code, along with a notation explaining, *This has been kicking around the archives, apparently lost and ignored, for decades. Perhaps you could have some fun decoding it . . .*

And so begins the innocent math professors terrifying run for his life, as teams of FBI hit men try to stop any publication of the explosive file that their superiors have been hunting for more than fifty years. From Bethel to New York City, Washington D.C. to the Florida Keys, the chase, the dead bodies, and the near-misses just keep on coming in this dark and realistic thriller that will keep you nailed to every word on every page from start to finish. Simply put, if you like Robert Ludlum, you don't want to miss this novel. *Flight of the Fox* is one for the ages and bound to become a cult classic!

### The Present is a Gift

**“Buck did not read the newspapers, or he would have known that trouble was brewing, not alone for himself, but for every tide-water dog, strong of muscle and with warm, long hair, from Puget Sound to San Diego.” - Jack London**

I have spent most of my life waiting and wishing for the next event: wanting to wear lipstick and a bra, waiting to be sixteen to get my driver's license, counting days until I could graduate from high school, waiting for college graduation, and wishing for my Prince Charming to whisk me away on a White Horse. (It turned out my Prince Charming had a '65 Mustang convertible.) I was counting minutes for a class to end, counting years to retire, hoping for grandchildren, and looking forward to traveling.

I seem to be living in the probable future instead of enjoying the present.

I recently took Hudson with me on a short trip to Guymard Lake, near Port Jervis. We would stay only two nights with my sister's family in a cottage on the lake. I packed food, clothes, towels, blanket and the usual along with Hudson's halter and leash and food for three days. I loaded the car and called to my chocolate lab Hudson, “Get in the car, we are going for a ride.” In he hopped, packing nothing. He was ready to go.

I started thinking about how dog's live in the moment. He had no appointments on his calendar. He had no menu planned for dinner. He didn't need credit cards, sunglasses, or GPS. He had no idea where we are going. He just cared about my company and trusted the day would be a good one. He didn't worry about the stock market or bills or Covid or anything. He was like Buck, the sled dog in Jack London's *CALL OF THE WILD* whose was changed by the gold rush. (Contd. Pg. 7)

**DAYS OF YORE...  
Today's History**

<sup>a</sup>From Pg. 3) **August 23, 1972**

Mr. and Mrs. Phillip F. Swinden of Walden, N.Y. announced the engagement of their daughter, Mary Elizabeth, to Wayne V. Zanetti, son of Mr. and Mrs. Vincent Zanetti of Grahamsville. The couple is planning a summer 1973 wedding.

**August 19, 1982**

Congratulations to Herman Gotsch of Denman Mt. Road, Grahamsville who was named Tree Farmer of the Year for 1982 by the State Department of Environmental Conservation . Mr. Gotsch, who planted over 35,000 tree seedlings on his 150 acre farm since 1968, was selected from over 700 New York tree farmers. State Forester Wayne Cooper nominated Gotsch for the award because he had made his land highly productive and as ideal wildlife habitat which is also aesthetically pleasing.

Emma L. Rose of Woodbourne, a retired cook at the Woodbourne Correctional Facility, Woodbourne and a life-long area resident, died Tuesday at Harris Hospital after a long illness. She was 82. The daughter of the late Leon and Lucinda Tyler Moore, she was born July 21, 1900 in Neversink. Survivors include three sons: George Smith and Joseph Smith, both of Woodbourne, and Harold Smith of Hurleyville; a stepson, Everett Smith of Grahamsville; a brother, Stanley Moore of Grahamsville.

**The Olive Jar  
The Present is a Gift**

(From Pg. 6) I tried adjusting my focus to the present like he does. I realized how much time and effort I spent worrying about things that never happened. I tried not reliving sad moments from the past. I slowed down a bit, took my time, rolled with the punches, and enjoyed being in the moment. I noticed more when I concentrated on the now instead of the THEN.

Today, as I did an hour of laps and water exercise with my friend Pat at the Town Pool, I gazed at the sky and watched puffy white clouds float across a blue, blue sky instead of watching the minutes tick by on the bathhouse wall clock. If my eyes had been fixed on the clock, I might have missed that eagle that flew overhead.

So I have decided to be more like a dog instead of a nervous, anxious Nelly. I will take my time to sniff and smell the roses. I plan to be more open to the next adventure. I look around and smile (I have no tail to wag), and if I don't like it, I can walk away. If I really don't like it, I can lift my leg and kick it to the curb.

I need to watch the news and know what is in my power to change and what is not. I need to trust others again. I am beginning to realize that the past cannot be altered, the future is an unknown gamble, and the present is what we have. I needed to calm my mind and have it join my body in the here and now. Old habits are hard to break, but I need to feel in the moment not in a time worm or warp.

Try to join me and Hudson in the present. May you have moments that make you smile or laugh and nothing to bark at.

## Lake Superior Beach Reopens

Bethel, NY - A potentially harmful algae bloom at Lake Superior State Park in Bethel has cleared out, and test results from the NYS Department of Health indicate no presence in the swim area. As such, Lake Superior's swimming and boat rentals features once again became available on Saturday, August 13 from 10 a.m. to 6 p.m.

However, due to staffing shortages, neither the beach nor the boat rentals will be available on Thursday, August 18. The park will remain open for picnicking, fishing and hiking, however. On all other dates this coming week, the beach will be open and boat rentals available from 10 a.m.-6 p.m. daily.

## Overlook Mountain Center Awarded New York State Humanities Grant

*Nonprofit organization to conduct community reading and discussion program*

Aug. 15, 2022 - Overlook Mountain Center, a 501 c3 nonprofit, was awarded a NY State Humanities Action Grant to facilitate a community reading and discussion program: Land, Liberty and Loss - Echoes of the American Revolution. This free series will be offered as four, two-hour sessions with a guest speaker at each. It will be held at the West Hurley Public Library every other Monday beginning August 29th and concluding on Monday October 10th 2022 (Indigenous Peoples Day). Led by a facilitator, each session will require specific reading assignments ahead of time that will be discussed amongst attendees.

**LAND, LIBERTY AND LOSS** is grounded in the historical and ongoing intersections between racial justice, including the centuries-long racism endured by Indigenous and Native Americans, and the evolution of the American landscape. The program is meant to prompt

reflection on assumptions about human connectedness between the natural and built environments, and to allow us to reconsider - in a holistic sense - how the American Revolution connects to or disrupts indigenous histories, our historic and current use of natural resources, as well as political developments.

This will be an in-person event, with reading and talking as the medium

**Program location:** West Hurley Public Library:  
52 Clover Street, West Hurley, NY

Program Dates and Times:  
(program subject to change, except dates & times)

**Mon. 8/29, 7pm - 9pm**

Maybe by next summer – Sundown will be known as the 'Smallest town with the most number of Yard Sale happenings' The next **Covered Dish Dinner** will be held on **September 3rd at 5:30 pm** at the **Sundown Church Hall**.

Don't forget Saturday, August 27 –the **Thrift Sale at the Grahamsville UMC**. The sale runs **from 9 am to 12 Noon** and another great **luncheon from 11:30 am to 1:00 pm**. The food is always great – and the deserts –just make sure you leave enough room, they are gastronomic!

For all those weekend visitors, campers and Blue Hole guests, don't forget before leaving back home to head up to the **Neversink General Store** to fill the tank up. As of this past week, their price for gas is still the best bargain we have found in Sullivan, Ulster and Orange Counties! Not only do they have gas for your car, lawn mowers and generators (when the power goes out), the Neversink General Store also can fill your BBQ tanks up so you don't run out for your backyard BBQs. And if you don't feel like cooking, **Neversink General Store** also has a great menu. You can eat inside or outside, or take it with you. The **BBQ Shed** is opened on weekends! If you are health conscious, this is the place for you. They have a great selection of wholesome home made food. Speaking of good food, if you are planning an event, call them at 845.985.2076 and speak to them about catering your event.

Check out the **Pilates Classes on Wednesday at 5 pm**. If you can't make it during the week, **Pilates Classes** will be held on **Sundays at 10 am**. Interested? The classes are held in the "pop up gallery" where you will notice the beautiful masterpieces on the walls by local world-known artist, **Joerg Madelaner**. Speaking of artists, there are also the creations of several local artisans on display and for sale at the **Neversink General Store**. They are great gifts!

If you are in the Grahamsville area, stop by the **Grahamsville Deli**. Enjoy their new bright and cheery makeover. Their homemade food (Chef Medi is in the kitchen) is always tasty. They also have the 'staples' and more. Remember to ask about their special –"**The Sundown**"! Ask how that came about?

And don't forget the beautiful **Russian Mule** in Claryville. Not only do they offer their special crafted beers, their menu serves to suit all of your taste buds. Delicious and served by the most friendly people in the Catskills! You may eat in, eat outside and enjoy the beautiful gardens or take your food to go. For fun for the whole family –**Neversink Parks and Recreation Friday movie night** The next movie will be held on **Friday, August 26th**. The featured film will be **The Goonies (PG)**. See Page 26 for times, dates and movies.

You still have time to visit **Time in the Valleys Museum** in **Grahamsville**. Once you go, you will want to go back again and again! **Time and the Valleys Museum** is a **living and interactive resource** that preserves the past, educates the present and ensures the uniqueness of the Rondout and Neversink watersheds for all generations. Located behind the Museum, the new **1930s Lost Catskill Farm** tells the story of farmers who were forced to give up their land to build NYC's water system. Period buildings include a farm house, outhouse, milk house and workshop powered by a working waterwheel. An 1870's barn was painstakingly disassembled and reassembled on site, and visitors can also see an original 1930's power plant.

The Museum is located in Sullivan County, on State Rte. 55 in Grahamsville. It is easily reached by taking State Rte. 55 west from State Rte. 209 in Ellenville, from Liberty by State Rte. 55 east to Grahamsville and from Monticello by State Rte 42. ... a *Townsmen* favorite quick dessert, especially during this busy time of the year!

Mary Inghrim's 1-2-3 Cake in a Cup

"This is neat, it does work, I tried it with Devil's Food cake mix and Hot Fudge sauce." - Mary Inghrim

You need two boxes of cake mix. One can be any flavor you prefer, but the other...MUST be Angel Food cake mix. Mix them together (shake them in a big bowl). Then simply store the mixture in an airtight con- tainer until you get the urge for dessert. Then just put three table- spoons of the dry mixture in a big coffee mug and stir in 2 Tbsp of water. Microwave it for one minute and you will have a single serving of cake! Top with fruit, ice cream, whipped cream or whatever! Awesome for those of us who want something sweet every now and then without making an entire cake!!

## Let's Kick off Hike for the Catskills Together

Sign up for guided hikes opening day of Hike for the Catskills. Then let's gather one and all for a launch event at West Kill Brewing, where we'll tap into their summer batch of "Mountain Life" Pale Ale, a collaboration with Eastern Mountain Sports. Proceeds help the Catskill Center.

Hike for the Catskills / Aug 13 - Sept 10 / Register

Hike for the Catskills is an opportunity to explore the natural beauty of the Catskills while helping to protect critical Catskills habitats, keep our land and waters wild (even at the most popular hiking destinations), and advocate for our communities and the Catskill Park.

This month-long event is meant for everyone! From complete beginners to expert-level hikers, all are welcome to register. Choose your own hiking goal based on your experience and availability. The Catskill Center will host a variety of hiking events throughout the month all over the Catskills region. There will be a kickoff event on Saturday, August 13 with two guided hikes and an after-party at west kill brewing. We will close out the month-long event with a thank-you celebration and awards ceremony with gifts and prizes at our catskills visitor center.

Raise \$250 or more for the Catskill Center and receive a T-shirt with the above artwork by Will Lytle, Thorneater Comics.

Why not start heading to your goal on one of our

guided hikes.

## Hochul Signs Legislation to Promote Job Opportunities in NYS and Help Job Seekers Secure New Employment Opportunities

*Legislation (A.8458A/S.6803A) Authorizes the Department of Labor To Create a Public Awareness Campaign Promoting New York State Job Bank*

Governor Kathy Hochul signed legislation that will increase public awareness on job opportunities in New York State. Legislation (A.8458A/S.6803A) will authorize the New York State Department of Labor to develop a public awareness campaign that will promote the New York State Job Bank. The New York State Job Bank is an online resource maintained by the NYSDOL to connect job seekers with over 250,000 jobs across all industries.

"New Yorkers have a world-class tool at their fingertips to connect talented job seekers to meaningful employment, and thanks to the bill sponsors, this legislation will help us spread the word," Governor Hochul said. "I encourage businesses who haven't used the New York State Job Bank to join the hundreds of other employers who have listed their jobs to be seen by tens of thousands of candidates."

Legislation (A.8458A/S.6803A) will authorize the New York State Department of Labor to create a public awareness campaign that will promote the New York State Job Bank, which will better connect job searchers with hiring employers. The public awareness campaign will be made available through a variety of outlets, including internet, radio, billboards, and more. It will also require NYSDOL to provide the Governor and Legislature with a report on action steps taken during the campaign and needs identified for future public awareness campaigns. This latest initiative complements NYSDOL's ongoing effort to help New Yorkers find careers that they love, including continuous outreach via social media, newsletters, and direct email/text messaging to job seekers statewide.

By visiting the Job Bank website, New Yorkers can browse more than 250,000 open jobs by location, job title, and company name. Additional job search and career development tools are designed to help individuals plan their future, organize their job search, develop resumes, and explore careers.

Businesses of all sizes are encouraged to utilize this free online service to list available positions, which will be seen by tens of thousands of highly qualified New York job seekers.

New York State Department of Labor Commissioner Roberta Reardon said, "I thank Governor Hochul for continuing to be a champion for the New York workforce. I encourage New Yorkers looking for a new career to seize this moment of unprecedented opportunity. With so many available positions across the economic spectrum statewide, we can help you find a career you love."

State Senator Anna M. Kaplan said, "The State of New York offers tremendous resources to help job seekers find a new career, and to help employers find great talent, but unfortunately not everyone knows about them. By promoting the State Job Bank, we can help more New Yorkers connect with new opportunities and find meaningful employment, and I'm proud to sponsor legislation that will help do that. I'm grateful for my partnership with Assemblyman Stirpe on this bill, and I'm thankful for Governor Hochul's leadership in signing it into law."

Assemblymember Al Stirpe said, "The last two years have been incredibly challenging for our state's businesses and job seekers. To help strengthen our long-term economic recovery, I'm proud to sponsor this bill requiring the NYS Department of

Labor to establish an inclusive, multilayered promotional campaign centered on the New York State Job Bank. The website serves as a hub for all things employment, including recruitment opportunities, career planning, veteran-specific resources, and unemployment assistance. This legislation will help invigorate the connection between businesses and potential employees. I thank Governor Hochul for signing the bill into law and for her steadfast support of our state's workforce as we recover."

## Gillibrand, Blumenthal, Padilla Push Takes Flight

*Dept of Transportation Takes Critical Steps to Hold Airlines Accountable and Investigate Potential Unfair or Deceptive Business Practices of More than Ten Airlines*

WASHINGTON, D.C. - Following their push, U.S. Senators Kirsten Gillibrand (D-NY), Richard Blumenthal (D-CT), and Alex Padilla (D-CA) are announcing new actions the Department of Transportation (DOT) will be taking to hold airlines accountable in the midst of record-breaking flight cancellations and chaos at airports. Last month, the senators urged DOT to investigate whether airlines are engaging in unfair or deceptive business practices. DOT Secretary Pete Buttigieg responded to their request in a letter stating that DOT is actively investigating the refund practices of more than ten airlines flying to, from, or within the United States. Additionally, Secretary Buttigieg said that DOT will soon begin a rulemaking to ensure that customers receive full and prompt refunds for significantly delayed or canceled flights.

"This decisive and timely response from the Department of Transportation is a huge win for travelers in the United States. Across the country, Americans are feeling the impact of severe airline delays, canceled flights, and lost luggage. As travel has ramped up during the summer months, our airports have become especially chaotic and ineffective, and yet, airlines are still reporting massive revenues," said Senator Gillibrand. "That's why I worked together with Senators Blumenthal and Padilla to call on the Department of Transportation to investigate major airlines that may be engaging in unfair and deceptive business practices. I am proud to announce that DOT is now taking critical steps to address the refund practices of several airlines, and I look forward to continuing our work with DOT to ensure the investigations and rulemaking are robust and complete."

"This action is a solid step—hopefully followed promptly by more—to probe airlines' refund practices and work to protect consumers as we have urged," said Senator Blumenthal. "Flight delays, unexpected cancellations, and lost luggage have frustrated travelers while airlines have deflected blame. Consumers deserve fairness in the skies, and I will continue pushing for fast, firm federal action to remedy airline travel chaos."

"I'm glad to see the Department of Transportation heeding our calls to hold airlines accountable and working to ensure that travelers are promptly refunded when they face significant delays or cancellations," said Senator Padilla. "Taxpayer money kept airlines afloat during the pandemic, and as travel has picked up this summer, overall airline service has been abysmal. We must continue working to protect travelers and hold airlines to a higher standard."

During the pandemic, Congress authorized \$54 billion in taxpayer-funded relief to help retain pilots and critical staff to keep airlines afloat and ready for the return to travel. Now, they are failing to fulfill flights promised to customers, and in some cases, allegedly scheduling flights that they know cannot be staffed. DOT's response to the senators' call will help bring accountability back to consumers in transit.

## Midsummer Revival from TechCity to iParks87 Fun for the Whole Family! FREE!

(From Pg. 30)

August 19th is movie night! Featuring *Mamma Mia!* Sophie Sheridan (Amanda Seyfried) is twenty years old and lives with her mother Donna Sheridan (Meryl Streep) on an idyllic Greek island. She is about to be married and wishes for only one thing: that her father walk her down the aisle and give her away. The only problem is that she doesn't know who her father is, and her mother won't discuss it with her. After she finds her mom's diary from the year she was born, she invites three men who could possibly be that man. Sophie is convinced that she will know her father as soon as she sees him but soon realizes that she doesn't have a clue. Mayhem ensues when her mother is displeased and confused that the three are there, the men all think they're the father and her fiancé is getting fed up with the whole mess. The grounds will be open at 8pm, the movie will begin at 8:30pm.

August 21st shines the spotlight on Bridge Arts & Education, one of the tenants at Enterprise West. Bridge Arts is a non-profit dedicated to promoting education and collaboration to grow a more diverse and innovative music community. Artist Director (and Town of Ulster resident) Dan Shaut will lead the Bridge Arts Community Big Band at the culmination of a week of clinics for the students. The band performs classic jazz charts and will be performing the music of Duke Ellington, Billy Strayhorn, Joe Henderson, Wayne Shorter, Bobby Timmons and Leonard Bernstein. Headlining the show will be the Roland Vazquez Band. His large ensemble is known for playing Afro Latin rhythmic chamber jazz, with his "...precise writing, with an intriguing rhythm section...that effectively functions as an orchestra within the orchestra." (Downbeat) Mr. Vazquez teaches in the jazz departments at Bard and Vassar College. Grounds will open at 3pm, the concert will begin at 4pm, ending at 7pm.

These events will also feature food vendors from around the area, including Frozen Caboose, Molé Molé, Benny's Tropical Ice, Spacey Tracy's, and Classic Ice

## Sullivan County Preparing for Polio Public Health Focused on Prevention, Vaccination and Education

Liberty, NY - Sullivan County's Department of Public Health is working closely with the NYS Department of Health to secure additional polio vaccine for area healthcare providers and the County health department even before the possibility that the poliovirus is detected in Sullivan County.

"Wastewater surveillance tests have found the polio virus in a number of nearby counties, including in Orange and Rockland, and today in NYC," notes Public Health Director Nancy McGraw, "so it's prudent and responsible for us to be ready for the possibility that the poliovirus is circulating here."

Public Health is also in discussions with the CDC and NYS Department of Health to discuss options for wastewater testing at facilities in Sullivan County to participate in the wastewater surveillance project to check for signs of the virus. This is one of many early detection tools that can help assess the spread of polio in communities.

The detection of poliovirus (the virus that causes paralytic polio) in sewage would suggest the likely local circulation of the virus.

Polio is very contagious, and a person can spread the virus even if they aren't sick or experiencing symptoms. The best way to keep adults and children polio-free is through safe, on-time childhood immunizations, and adult immunization for polio when someone has not been previously vaccinated.

The polio virus enters the body through the mouth, usually from hands contaminated with the stool of an infected person. Respiratory and oral-to-oral transmission through saliva may also occur. Symptoms, which can be mild and flu-like (fatigue, fever, headache, stiffness, muscle pain, vomiting), can take up to 30 days to appear, during which time an infected individual can be shedding virus to others.

"In communities with lower vaccination rates, polio can spread very easily," explains McGraw. "So it's important that all of us get vaccinated. Public Health is offering a safe and proven vaccine available to children two months of age or older. We are working with the State to get vaccine to providers for adults. If adults need vaccine, we encourage them to contact their healthcare provider."

### What are the symptoms of polio?

Polio is highly infectious. Symptoms range from nothing to mild and flu-like to serious, including paralysis, permanent disability or post-polio syndrome, even death.

Paralysis is the most severe symptom associated with polio, because it can lead to permanent disability and death. Even children who seem to fully recover can develop new muscle pain, weakness, or paralysis as adults 15 to 40 years later. This is called post-polio syndrome.

### How can I protect myself against polio?

The best way to stay polio-free is to maintain high immunity across the population through vaccination. If you received the vaccine already (for

example, as a child when attending public school), you are considered protected for life.

Most adults do not need polio vaccine because they were already vaccinated as children. New Yorkers who are not up-to-date with vaccination should speak to their health care provider or their child's provider to schedule an appointment for vaccination against polio and other dangerous diseases, such as measles, mumps, whooping cough, chickenpox and COVID-19.

Polio outbreaks are happening globally. Children and adults should be up-to-date with polio and other routine immunizations before travelling. Adults who received polio vaccine as children should receive a one-time lifetime booster if traveling to an area where there is a poliovirus transmission.

Sullivan County's vaccination rate for polio is 62.33%, compared to 60.34% in Rockland and 58.68% in Orange counties. The statewide rate is 78.96%.

If you or your child are not yet vaccinated, now is the time to get vaccinated.

## Gov Hochul Signs New Laws to Enhance Street Safety, Prevent Traffic Deaths, and Crack Down on Hit-and-Run Crashes

*Legislation (A.1007-A/S.2021-A) Authorizes Municipalities to Reduce Speed Limits to 25 Miles Per Hour*

*Legislation (A.3964/S.9163) Increases Fines for Leaving the Scene of a Car Crash without Reporting It*

Governor Kathy Hochul signed a legislative package to enhance street safety, prevent traffic-related fatalities, and crack down on hit-and-run incidents. Two new laws will allow municipalities to reduce speed limits to 25 miles per hour and increase fines for leaving car crash scenes without reporting them.

"Every New Yorker deserves to feel safe when traveling on our streets, whether they are driving, cycling, or walking," Governor Hochul said. "These new laws will help prevent senseless tragedies and injuries by cracking down on erratic and irresponsible driving. Today, we are reaffirming our commitment to keeping New Yorkers safe and using every resource available to save lives."

Legislation (A.1007-A/S.2021-A) will help prevent traffic-related crashes and fatalities by allowing municipalities to reduce speed limits to 25 miles per hour. Research shows that faster driving speeds correlate to more serious injuries and fatalities for pedestrians in the event of a crash. Under current law, the default maximum speed limit throughout a city, town, or village may not be set lower than 30 mph. By giving municipalities local control to reduce speed limits, this legislation will improve public safety and prevent pedestrian fatalities.

Legislation (A.3964/S.9163) will deter hit and run incidents and enhance public safety by increasing fines for leaving the scene of a car crash without reporting it. Hit and run incidents are particularly dangerous when an individual is hurt and the driver at fault fails to report it, since that person may not get the proper care when they need it. This legislation will increase the fine range for leaving the scene of a personal injury crash to \$750-\$1,000 and increase the fine range for a repeat violation to \$1,000-\$3,000.

Earlier this year, a report issued by the National Highway Traffic Safety Administration found that traffic fatalities during the first half of 2021 had increased 18.4 percent since the first half of 2020, even as many New Yorkers worked from home. Additionally, New York City data shows that traffic fatalities increased by 44 percent during the first three months of 2022, the deadliest start to any year since the start of the City's Vision Zero program in 2014. By imposing greater penalties on hit-and-run incidents, this new law will help address increases in traffic-related deaths and reduce accidents on streets across the state.

Amy Cohen, mother of 12-year-old Sammy Cohen Eckstein who was killed by a speeding driver in 2013, said, "Slower speeds save lives. That is why the NYS Safe Streets Coalition has been fighting for Sammy's Law to let New York City set slower speed limits. While we continue this fight, we are very pleased today that Governor Hochul is signing a related measure to allow other Empire State localities to set safer speed limits on their streets. We know that this will save lives and we thank Assemblymember Paulin and Senator May for their partnership in the legislature to get this done. Next year, we look forward to passing the entire Crash Victim Rights and Safety Act, including Sammy's Law."

## Olive Free Library's Exhibition "Hudson Valley Watercolors" Curated by Staats Fasoldt opens September 24

The Olive Free Library Association is very pleased to present the exhibition Hudson Valley Watercolors showcasing the works of 24 Hudson Valley artists who have dedicated all or a great amount of their time to creating watercolor artworks. The show, curated by Staats Fasoldt will run from September 24 through November 5, 2022 with an opening on Saturday, September 24 from 3 – 5 pm.

Staats Fasoldt says about this exhibition, "This is a Hudson Valley Watercolors exhibition and I have known all the artists I select-

Staats Fasoldt, *Olive Bridge*. Watercolor, 22" x 28"

Alan McKnight, *Turning the Hay*. Watercolor, 14.4" x 21.8"

Anna Wang, *Reservoir*. Watercolor, 5" x 7"

ed for a long time. I have worked with them and learned from them, and they are artists I admire. In many ways this exhibition is autobiographical, revealing what I have seen and been moved by during my time living in the Hudson Valley. I've dreamt of doing a show like this and thank the Olive Free Library for giving me the opportunity."

About the curator : Staats Fasoldt is President of the Board of the Woodstock School of Art and has taught painting and drawing there for more than 35 years. He is an active member of the Woodstock Artist's Association, The Art Society of Kingston, and a member of Longreach Arts, the Hudson Valley's premier mobile Artists Co-op. Staats has an MFA in painting from SUNY New Paltz and has had numerous one person and group exhibitions, displaying his watercolors.

Staats's paintings are direct interpretations of nature that stress spontaneity as method; he is an exponent of the minimal statement.

Participating artists in this show are: Bruce Ackerman, Robert Barnes, Beverly Bennett, Nancy Campbell, Carol Davis, Barry DeBaun, Beth Dixon, Claudia Engel, Staats Fasoldt, Mira Fink, Angela Gaffney-Smith, Betsy Jacaruso, Alex Martin, Kate McGloughlin, Alan McKnight, Linda Novick, Mary Ottway, Walter Pokowitz, Richard Segalman, Susan Silverman, Wayne Sittner, Thomas Stratton, Anna Wang, and Joyce Washor.

The Olive Free Library has created a platform to show and sell the art of regional artists, both established and emerging. This provides art enthusiasts a way to view, appreciate, and purchase local and regional artworks. The rural town of Olive does not have a cultural center, so the library converted its spacious, light community room into a gallery space. The response from both artists and the community has been overwhelmingly positive. [olivefreelibrary.org](http://olivefreelibrary.org)

# Wayne County Arts Alliance HeARTS Alive! ... Keep the Love Going...

WCAA is excited to announce that the online auction begins August 24 for our "HeARTS ALIVE in Wayne County"

All summer long the HeARTS have been seen and enjoyed by everyone in our community and county. NOW, you have the opportunity to own your favorite HeARTS and keep the love going at your home, office, studio, business, camp, etc! You can set up the sculpture as is-- 3 HeARTS on a post--in your yard or on your deck, porch, sunroom, etc! Or, unscrew them and take them off the post and mount the HeARTS in your home or on exterior walls of your house/barn/garage/studio; they would look great mounted to a garden wall or fence, too! Perhaps gift them to someone else! The HeARTS are each 24" wide on a 6' post and include an umbrella base and 2 optional sand bags.

The HeARTS are fun, creative, and their purchase will help support the Wayne County Arts Alliance and its ongoing projects.

## Senator Michelle Hinchey Listens to the Needs of Local People

A member of the Big Indian Oliverea Fire Department, Frank Stapleton, recently sent Senator Michelle Hinchey an invitation to their Annual Chicken BBQ. He felt it was an opportunity for his local community to show the Senator some of their needs. Senator Hinchey accepted the invitation and enjoyed some good food and conversation with friends and neighbors.

Democrat Michelle Hinchey represents New York's 46th State Senate district in Albany. District 46 is the newest district in the legislature, increasing the size of the body from 62 seats to 63. District 46 is located in the Hudson Valley and western Capital District, including all of Montgomery County and Greene County and parts of Albany, Schenectady, and Ulster Counties.

Senator Hinchey is the daughter of the late Congressman, Maurice Hinchey.

## NICK NEEDS KIDNEY -TYPE O (IN SOME CASES TYPE A BLOOD COULD WORK)

Chronic Kidney Disease (CKD) progresses in stages and, if untreated, can lead to complete loss of kidney function. At CKD stage 5, when both kidneys fail completely, the only options for survival are dialysis or a kidney transplant. Nick is at stage 5.

*If interested in donating please contact Westchester Medical Center and speak with a Living Donor Coordinator at 914.493.1990*

### More about our warrior Nick....

Nick was diagnosed with Tuberous Sclerosis Complex (TSC) at birth. TSC is a neurological disorder that produces seizures, tumors, and lesions that effect the organs of the body and can cause Autism. Nick has been battling with seizures his whole life from infantile spasms to adult grand-mal seizures. May 2019 we heard the worst news that Nick's function was under 10% on both kidneys. Since then Nick has had multiple surgeries so he could get the proper dialysis preformed. Nick goes in center for 4 hours 3 times a week. Not what the sweetest, kindest, 31 year old should be going through.

Nick has such a big heart and is loved by so many in our community. We all want Nick to have the best quality of life and going through dialysis does not provide that quality. We hope and pray a kidney comes to us and that Nick will be able to live a happy and healthy life doing what he loves and that is to bicycle all throughout our town making people smile. Nick is a big part of the community, he takes pride with his volunteer work with the EMS and is the Honorary member of the Monticello Fire Department.

Lets all band together for Nick and help him find a kidney so he can live life to the fullest!

The most exciting weekend in Woodstock is fast approaching! The 23rd annual WOODSTOCK FILM FESTIVAL is returning this fall, September 28 through October 2nd. Volunteers are jumping on board to help in Woodstock, Saugerties, Rosendale and Kingston, with guest relations, box office, production, press, parties, art, photography and more. ### Ulster County SPCA seeks volunteers and fosters

Make a difference in an animal's life TODAY! The Ulster County SPCA is looking for volunteers and fosters to support our mission of helping, healing, and adopting. As an essential services organization, we are here every single day of the year, providing care for the neglected, abused, and homeless animals of Ulster County and beyond.

Volunteers are needed every day, 7:30am - 4pm for a variety of tasks including dog walking, cat socializing, cleaning, feeding, fundraising, and more! Fosters are always needed to provide temporary homes for animals of all species and ages, including kittens, puppies, adult cats, and dogs. Please contact the Volunteer Coordinator at [volunteer@ucspca.org](mailto:volunteer@ucspca.org) or 845-331-5377 x215 for more information.

### Volunteers needed to help make The Hudson Valley Garlic Festival a Zero Waste Event! October 1st and 2nd, 2022

Richard Kappler, Chairperson of the Kiwanis Club of Saugerties Hudson Valley Garlic Festival committee, announces that this year's Garlic Festival will institute a Zero Waste System. The Festival is scheduled for October 1st and 2nd, 2022, at Cantine Field in Saugerties, NY. The Zero Waste System is designed and will be managed by Greenway Environmental Services of Clintondale, NY.

Greenway is issuing a call-to-action, requesting that people who would like to volunteer, sign up for 3-hour shifts to assist in the separation and collection of the materials. Shabazz Jackson, President of Greenway believes "The Kiwanis Club has provided the leadership and support. Now, the energy and hard work from the volunteers is the only way this festival will transition from a garbage generator to a Zero Waste Event."

The addition of Zero Waste to the Hudson Valley Garlic Festival is a fitting celebration of garlic, the farmers who grow it, and finally returning the fertility back to the land.

For questions or to volunteer please contact Greenway at 845-656-6071 or [greenway777@aol.com](mailto:greenway777@aol.com) or sign up here.

**CASA Volunteers Needed - make a difference in a child's life**

Court Appointed Special Advocates (CASAs) are specially-trained, objective community volunteers appointed by Family Court to advocate for children who are in out-of-home placement or who are at risk of being placed in foster care.

CASA is appointed by court order to collaborate with others involved in a child's case and gather information from all interested persons including parents, foster parents, teachers, case managers, doctors, therapists, attorneys, other service providers, and the child. CASA provides fact-based reports to assist the court in addressing the child's needs and in determining what is in their best interest.

When CASA is appointed, children are either in foster care or in the care of their parents or extended family with services and family court oversight. Many are safely reunified with the parents. In other cases, children and youth are permanently placed with relatives or are adopted.

CASA's ultimate goal is for children to grow up in permanent, safe, healthy family homes.

## Three-year Agreement with National Alliance for Direct Support Professionals to Expand Opportunities; Professionalize Workforce

### *Partnership to Help Address Ongoing Worker Shortages in the Developmental Disabilities Field*

Governor Kathy Hochul today announced that the New York State Office for People With Developmental Disabilities has entered into a \$10 million partnership with the National Alliance for Direct Support Professionals to expand opportunities for professional credentialing for direct support professionals in the

developmental disabilities field throughout New York State. The three-year agreement will help professionalize the direct support professional workforce and address worker shortages.

"Workforce shortages are putting a tremendous strain on our dedicated direct service professionals, and in response New York is taking action to provide career advancement and growth opportunities in this crucial field," Governor Hochul said. "This \$10 million partnership to expand credentialing will prove critical in providing support for training, education and expanded recruitment and retention efforts - an important step in meeting the needs of New Yorkers with developmental disabilities."

OPWDD's partnership with the National Alliance will provide access to three levels of direct support professionals credentialing and its frontline supervisor certification through participation in its E-Badge Academy. The project is supported by federal funds OPWDD is receiving through the American Rescue Plan Act of 2021.

The National Alliance credential is competency-based and modeled on the Centers for Medicaid and Medicare Services' Direct Service Workforce Core Competencies and the National Alliance Code of Ethics.

Founded in 1996, the National Alliance for Direct Support Professionals' mission is to enhance the quality of support provided to people with disabilities through the provision of products, services and certifications which elevate the status of direct support workers. The organization strongly promotes recognition and identity of direct support professionals to spur meaningful public policy investments, while also advancing the knowledge, skills, and values of this occupation.

In the coming weeks, the National Alliance will release a request for proposals for eligible home and community-based service provider organizations to participate in the grant and claim seats in the E-badge Academy for staff. The National Alliance will provide credentialing or certification for about 2,442 direct service professionals and frontline supervisors over the length of the three-year contract.

The project will provide bonuses for participating direct service professionals. In addition, the project will reimburse employers for training hours undertaken by their staff.

## Letter to the Editor:

### Statement from the Ulster County Legislature's Republican Caucus

County Executive Pat Ryan's so-called "inflation relief plan" is an obvious political stunt masquerading as good public policy. The saddest part of the plan is that Pat is making promises to the residents of Ulster County that he has no intention of sticking around to deliver on. He identifies "Team Ulster County" in his letter. Though it appears that "Team Ulster County" has a partisan membership requirement as to date no one in the administration has spoken to any member of the Republican Caucus about these initiatives. We look forward to seeing the County Executive's Office add details to this campaign rhetoric fluff.

## Congresswoman Tenney Highlights Plan to Protect Americans' Second Amendment Rights

Congresswoman Claudia Tenney (NY-22) today highlighted her plan to protect Americans' Second Amendment rights. The plan includes legislation Tenney supports in Congress, as well as actions she has taken, to ensure the protection of the Second Amendment. It focuses on several pillars: (1) Safeguarding Our Constitutional Rights; (2) Protecting the Privacy of Americans; (3) Enforcing Our Laws and Targeting Criminals; and (4) Protecting the Safety and Security of all Americans.

The Second Amendment has come under attack in recent months and years by far-left activists. In 2013, when disgraced former Governor of New York Andrew Cuomo signed the SAFE Act in the dark of night, Tenney stood up with law enforcement, sportsmen, and Second Amendment advocates to call out this infringement on Second Amendment rights. Tenney also was the first member of the New York State Assembly to introduce legislation to repeal the SAFE Act.

Last year, Tenney led an amicus brief with 175 of her House Republican colleagues, supporting the overturning of New York's arbitrary concealed carry laws. Recently, Tenney released an edition of her Setting the Record Straight series, where she debunked common lies surrounding laws passed in New York in response to the Supreme Court decision in *NYSRPA v. Bruen*.

Tenney's full plan is available on her website.

### Safeguarding Our Constitutional Rights

- o Led Amicus Brief to the Supreme Court in *NYSRPA v. Bruen*: For decades, and in violation of the precedent under *DC vs. Heller*, New York's Sullivan Law unconstitutionally prevented many law-abiding New Yorkers from carrying their firearms outside of the home. I am honored to have led a congressional Amicus Brief to the Supreme Court with more than 170 of my House colleagues in support of the Supreme Court overturning New York's unconstitutional law. Thankfully, we prevailed, and New York's law was struck down, marking a significant victory for our Second Amendment.

- o Cosponsor of H.R. 38, the Concealed Carry Reciprocity Act: This bill will ensure anyone who is eligible to carry a concealed firearm in one state may possess it in another state that allows its residents to carry concealed firearms. Our Second Amendment rights do not stop at state lines, and law-abiding Americans who are licensed and have the right to protect themselves in one state should be able to do so in another.

- o Original Cosponsor of H.R. 1787, the Ensuring Second Amendment Freedoms are Executed Timely Act: This legislation prohibits the federal government from delaying law-abiding gun owners from purchasing a firearm. It changes the wait

period after a federal firearm dealer contacts the National Instant Criminal Background Check System from three state government business days to three calendar days.

- o Original Cosponsor of H.R. 7493, the Protecting Gun Owners in Bankruptcy Act of 2022: Americans should not lose their ability to exercise their Second Amendment rights just because they fall on hard times. This legislation will modify federal bankruptcy law so a debtor can exempt one or more firearms up to a value of \$3,000. It also specifies that these firearms are household goods not subject to liens in bankruptcy.

- o Original Cosponsor of H.R. 1715, the Second Amendment Guarantee Act: I joined with many of our New York Members of Congress to introduce this legislation to ensure state and local governments cannot more strictly regulate rifles or shotguns than federal law. This will void the unconstitutional SAFE Act, allowing law-abiding New Yorkers to freely practice their Second Amendment rights.

- o Original Cosponsor of H.R. 4060, the Second Amendment is Essential Act: I joined with my colleagues to introduce this legislation to ensure workers in the firearms industry are classified as essential. Throughout the COVID-19 pandemic, many blue states shut down gun stores and manufacturers, putting thousands of New Yorkers out of work and shuttering gun stores. This bill will finally prevent states from using emergencies to restrict law-abiding Americans' ability to legally purchase firearms.

Protecting the Privacy of Americans

- o Original Cosponsor of H.R. 1827, the Gun Owner Registration Information Protection Act: I joined with my colleagues to introduce this legislation to prohibit states and localities from using federal funding to create and maintain gun registries. With left-wing activists pushing for publicly accessible firearms databases, it is important that we protect the privacy of those who chose to exercise their constitutional rights.

- o Cosponsor of H.R. 3820, the Firearm Process Protection Act: This legislation allows Americans to seek a judicial remedy if they experience a delay of more than 60 days with a firearm transfer. If the government has concerns with such a transfer, it must present clear and convincing evidence, and it should do so in a timely manner.

- o Cosponsor of H.R. 6945, the No Retaining Every Gun In a System That Restricts Your Rights Act: Currently when federal firearms licensees go out of business they transfer the last 20 years of their records to the ATF for safekeeping. After 20 years, the ATF in turn is supposed to discard this data. However, through my correspondence with the ATF, we have learned that the bureau has collected almost one billion firearms purchases records, resulting in the creation of an illegal database to track firearm owners. This bill will force the ATF to delete these records and protect the privacy of Americans.

Enforcing Our Laws and Targeting Criminals

- o Cosponsor of H.R. 1518, the 21st Century NICS Act: This commonsense bill allows the FBI to access the N-Dex system when performing a NICS background check for a firearms purchase. This database includes the criminal records from various local, state, and federal agencies, and its use will ensure no criminals are able to purchase firearms. This reform could have prevented the terrible Charleston shooting.

- o Cosponsor of H.R. 1604, the STOP Straw Purchases Act: This legislation would strengthen federal laws to make it easier to go after straw purchasers and gun traffickers. A straw purchase is when someone makes false statements to buy a firearm for another person. This commonsense change would increase the penalty from 10 to 25 years, and help federal officials keep illegal guns off our streets.

(Contd. Pg. 57)

## This Week with Claudia

(From Pg. 56)

o Cosponsor of H.R. 194, the DOJ Report on NICS Prosecutions: Last year House Democrats brought forth their radical H.R. 8 and H.R. 1446, which would have curbed the basic Second Amendment rights of Americans and allowed the federal government to potentially delay a background check for an indefinite period without providing a reason. In response, this bill would require the DOJ to provide a report on the number of background check (NICS) denials given after a firearm was transferred. Only with this important information can we understand the steps we need to take to enforce our laws while not diminishing the constitutional rights of Americans.

Protecting the Safety and Security of all Americans

o Cosponsor of H.R. 1635, STOP II: Classrooms Over Conference Rooms Act: This legislation will take the money appropriated for conference room rentals at the Department of Education to double the available security funding to harden schools. Our children are precious, and we must make the investments to ensure our schools are a safe place for them to learn and grow.

o Cosponsor of H.R. 1567, the Police Officers Protecting Children Act: Under current law, law enforcement officers are stripped of the ability to carry a weapon and protect our children on school grounds once they retire. This legislation will amend federal law so these retired officers can continue protecting our children in school.

o Original Cosponsor of H.R. 1690, the Defending our Defenders Act: Every day, law enforcement officers put themselves on the line to protect their communities. This legislation will make it a federal offense to murder any federal, state, or local law enforcement, punishable through life in prison or the death penalty. We must stand with these public servants who dedicate their lives to keeping Americans safe.

o Cosponsor of H.R. 1567, the Police Officers Protecting Children Act: Current federal law makes it difficult for schools to recruit experienced guards without straining limited police resources. This legislation will fix this shortcoming by allowing off-duty and retired law enforcement officers to carry a concealed firearm while in a school zone if a school allows it. These trained individuals are fully capable of protecting our schools, and there is no reason why we should prevent them from further serving their communities.

### Tenney Joins Zeldin, Stefanik, NY Republicans in Urging Hochul to Stop Incentivizing Illegal Immigration

Congresswoman Claudia Tenney (NY-22) today joined with Congressman Lee Zeldin (NY-01), House Republican Conference Chairwoman Elise Stefanik (NY-21), and the other Republican members of the New York Congressional Delegation in a letter to Governor Kathy Hochul urging her to work with the state legislature to repeal disastrous state programs that incentivize illegal immigrants to come to New York.

The crisis at the Southern Border has exploded under the Biden Administration. During fiscal year 2022 (FY22), which still has nearly 2 months left, the United States has already shattered the record of total encounters with migrants at the border by CBP agents, reaching over 2 million. New York's misguided policies, which include awarding driver's licenses, COVID-19 relief checks, and hundreds of millions of dollars' worth of Medicaid services to illegal immigrants, have incentivized illegal immigrants to come to New York. Last year, the Biden Administration even began flying illegal immigrants directly

into New York in the dead of night.

The lawmakers wrote in part, "The dead of the night flights to Westchester County have now morphed into a multi-faceted travel agency with destinations elsewhere in New York, dealing striking blows to local resources... The silence and lack of transparency from your administration has been completely unacceptable. Instead of conducting these covert flights and covering up these decisions from the public, you must take accountability and stop the influx of illegal immigrants into our communities."

The letter was also signed by Representatives John Katko (NY-24), Andrew Garbarino (NY-02), Chris Jacobs (NY-27), and Nicole Malliotakis (NY-11).

The full text of the letter is available here. ### Governor Hochul Announces \$44.4 Million Assistance for Struggling Families with Children

*Pandemic Emergency Assistance Fund to Help More Than 218,300 Children with Back-to-School Expenses; Infant Nutritional Assistance*

*Households Enrolled in Public Assistance to Receive One-Time Payments of \$214 for Each Child Between the Age of 3 and 17; \$150 for Children Younger than 3*

Governor Kathy Hochul announced the distribution of \$44.4 million in federal pandemic funding to help struggling New Yorkers with children to cover back-to-school and early life nutritional expenses. Administered by the state Office of Temporary and Disability Assistance, the Pandemic Emergency Assistance Fund will provide New Yorkers on Public Assistance with one-time payments of \$214 for each child ages 3 to 17 and \$150 for each child younger than 3 in their household.

"Hardworking New York families are still feeling the economic toll of the pandemic," Governor Hochul said. "As New Yorkers prepare to send their children back to school this fall, these one-time payments will help struggling families across the state pay for education supplies and other household expenses that may otherwise pose a burden on their household budget. This is yet another step we are taking to help lower costs of living for hardworking families hit hardest by the pandemic."

Starting Aug. 12, OTDA will issue one-time payments of \$214 to Public Assistance recipients who have a child between the age of 3 and 17. In total, the agency will distribute approximately \$39.3 million, which will provide benefits for roughly 184,000 children.

Simultaneously, OTDA will be distributing \$150 to Public Assistance households for each child that is 3 years old or younger to assist them with infant nutrition costs. The agency anticipates distributing \$5.1 million to roughly 34,300 eligible children.

The Pandemic Emergency Assistance Fund was created as part of the American Rescue Plan Act of 2021 with the intention to assist needy families impacted by the COVID-19 pandemic. Per federal guidelines, the funding must be used for issuing non-recurring benefits to impacted households with children to deal with a specific short-term situation or need.

Public Assistance provides monthly grants to help low-income individuals and families meet basic needs, such as housing. This program helps more than 500,000 New Yorkers who may be temporarily unemployed or unable to work, as well as very low-wage workers, and children. (Contd. Pg. 58)

## Governor Hochul Announces \$44.4 Million Assistance for Struggling Families with Children

(From Pg. 57)

**Office of Temporary and Disability Assistance Commissioner Daniel W. Tietz** said, "For families already struggling to make ends meet, the cost of education supplies and other school-related purchases can create significant financial stress for families sending their children back to school in the fall. These one-time payments will help cover these expenses for Public Assistance households at a time when so many of them are still coping with the negative economic effects of the pandemic."

**Representative Brian Higgins** said, "We saw with the advanced Child Tax Credit payments, the critical difference additional resources can mean for struggling families. Governor Hochul's leadership in allocating this federal funding directly to families who need it most will help put food in lunchboxes, supplies in backpacks, and clothes and shoes on students as they start the new school year."

**Representative Adriano Espaillat** said, "It's more critical than ever we support New York families struggling to meet daily challenges -- especially as communities continue to recover from the pandemic and as children and families begin the new school year. I am grateful to Governor Hochul for allocating this additional Congressional pandemic funding, which I helped to advance, to support some of the most vulnerable residents across my district. These additional payments will support households across our state by helping cover monthly expenses and ensuring that our children are prepared for the coming school year."

The Pandemic Emergency Assistance Fund has already helped hundreds of thousands of low-income New Yorkers with their essential needs. In February, OTDA tapped roughly \$19 million from the fund to provide households enrolled in Public Assistance or the Supplemental Nutrition Assistance Program with \$140 for each child age 3 or under to defray the cost of diapers.

In April, the fund provided \$730 in food benefits to more than 28,000 multi-generational households. These one-time payments helped about 31,500 adults over the age of 55, providing about \$21.3 million to families throughout the state.

In May, families on Public Assistance with a child 17 or younger in their household received a payment of \$250 from the fund to help pay for housing expenses, bills, and other critical needs. Roughly 110,000 households received payments totaling more than \$27 million, which assisted more than 216,000 children.

OTDA also worked with the state Office for the Prevention of Domestic Violence to provide financial assistance through the fund to support low-income survivors of domestic violence. As a result of this effort, the agency was able to provide \$12.5 million to help domestic violence survivors and their families.

## UC Executive Pat Ryan Announces Inflation Relief Plan, Including The Largest Tax Reduction in Ulster County in 40 Years

**Ryan's Inflation Relief Plan Proposes Major Property Tax Cut of 3%**

**Plan Includes Immediate Actions To Counteract Rising Costs for Families and Businesses As Well As Priorities for 2023 County Budget**

*Inflation Relief Plan Includes Initiatives Developed Collaboratively With Ulster County Legislature to Provide Free Public Transit on the UCAT System; to Bolster Relief for Those Struggling to Afford Food, Utilities and Childcare; and to Provide Direct Relief to Small Businesses and Farmers*

KINGSTON, N.Y. - Ulster County Executive Pat Ryan announced today an Inflation Relief Plan aimed at supporting households and small businesses struggling with rising costs. In an open letter to residents, County Executive Ryan highlighted multiple initiatives and priorities that will provide much-needed relief during an unprecedented time of economic pressure.

"Right now we're all feeling the pressure due to the rising costs of everything - from food, to fuel, to housing. Ulster County is stepping up and taking aggressive action to provide urgent relief to our residents - the largest property tax cut in 40 years, free public transit for all, and direct relief to tens of thousands of households and small businesses" Ulster County Executive Pat Ryan said. "From the beginning, I promised to make County government more responsive and responsible, so I'm proposing an ambitious and broad-reaching Inflation Relief Plan to help address these challenges." (Contd. Pg. 59)

## UC Executive Pat Ryan Announces Inflation Relief Plan, Including The Largest Tax Reduction in Ulster County in 40 Years

(From Pg. 58) The Inflation Relief Plan includes several initiatives that are ready to roll-out immediately using a combination of existing County appropriations and funding awarded to the County through the American Recovery Plan Act. The plan includes measures championed by members of the County Legislature, such as support for small farmers, eliminating bus fares, and investments to strengthen main street corridors and business districts. Other measures, such as the historic reduction in the County property tax will be included in County Executive Ryan's proposed 2023 Executive Budget.

The Inflation Relief Plan includes:

- o A proposed property tax reduction of 3%, the largest reduction in Ulster County's property tax since 1982
- o Direct economic relief to households, including:
  - o \$3.5 million to provide direct food assistance for up to 27,000 households across the county
  - o Eliminating UCAT bus fares for all residents
  - o Expanding access to subsidies for home heating (up to 1,000 additional households) and childcare (up to 2,500 additional, newly-eligible households)
  - o Small business support, including:
    - o An additional \$1 million in grants for small businesses, building on previous successful rounds of Ulster County CARES small business relief program
    - o \$2 million to reinforce main street corridors and business districts
    - o \$2 million to small farmers
    - o \$5 million to acquire land and build infrastructure to support hundreds more housing units, building on the growing momentum in adding desperately-needed housing inventory for seniors and working families.

"The United Way and the organizations we support - frontline service providers with programs addressing hunger, homelessness and basic needs - know first-hand that many of our families and households are already struggling financially," said Su Marcy, President & CEO of the United Way of Ulster County. "At this time of high inflation and economic uncertainty, I'm pleased that Ulster County is proposing to take decisive action to reduce costs through property tax relief coupled with direct assistance to families for basic necessities like food, childcare, transportation and utilities."

"It has indeed been a tough couple of years for small businesses in Ulster County, and I am grateful that our County leadership understands that many of our entrepreneurs and small business owners still need help getting back on their feet," Ward Todd, President of the Ulster County Regional Chamber of Commerce said. "Following a year of forced closures and the lingering impacts of the pandemic, many Chamber members continue to report rising costs of doing business and a shortage of available, qualified workers. By reducing property taxes, providing additional direct support to business owners, and focusing the County's efforts on childcare, transportation and housing, the County Executive's proposed Inflation Relief Plan will help stabilize and rebuild our local economy to be more sustainable and equitable for the future."

## Ulster County Awards 50 Non-Profit Organizations with \$1.5 Million

*Ulster County Executive Pat Ryan announces \$1.5 million in American Rescue Plan Act (ARPA) funds are being allocated to provide direct support to essential non-profits who serve vulnerable populations as they recover from the COVID-19 public health crisis*

KINGSTON, N.Y. - Ulster County Executive Pat Ryan announced today that 50 local non-profit organizations have been selected for awards of up to \$50,000 through The Non-Profit Recovery and Resilience Grant program. A total of \$1,499,933.87 in American Rescue Plan Act (ARPA) funds are being allocated to provide direct support to essential non-profits and veterans' service organizations who serve vulnerable populations as they recover from the COVID-19 public health crisis.

"We're investing our federal dollars in direct support to our essential non-profits, who stepped into new roles when the pandemic created new needs in our community," Ulster County Executive Pat Ryan said. "The COVID-19 public health crisis highlighted gaps in equity and access, and our ARPA funds are being used to support those organizations who work with people who were hardest hit."

"I've focused my professional career on the non-profit sector because I know the important role that our arts organizations, environmental groups, libraries, VFWs and churches play in our community. These organizations have taken on extra burdens throughout the pandemic, and I'm proud that we're using our ARPA funds to make it possible for them to continue their critical work," Ulster County Legislator and Chair of the American Rescue Plan Act Special Committee Peter Criswell said.

"We've seen through the pandemic how important healthy outlets are for our young people. As an active volunteer member and coach for youth sports organizations, I've seen first hand the positive impact non-profit organizations can have on our youth. We need to ensure that those organizations who provide these services can maintain normal functioning and even thrive, and this ARPA funding will do exactly that," Ulster County Legislator and Deputy Chair of the American Rescue Plan Act Special Committee Thomas Corcoran Jr said.

"We would like to thank County Executive Ryan, the Legislature and the committee for selecting New Paltz Rescue Squad for the Non-Profit Recovery and Resilience grant. NPRS is a not for profit providing the highest level of pre-hospital care to New Paltz and surrounding communities," Matthew Goodnow, Chief Executive Officer, New Paltz Rescue Squad, said. "While the COVID-19 pandemic affected all of us, first responders were stretched beyond the limit to continue providing services. We are grateful to the committee for recognizing the complexities and expenses of EMS and continuing to provide the highest level of care during a pandemic."

On March 7, 2022, Ulster County Executive Pat Ryan announced that \$1.5 million in American Rescue Plan Act (ARPA) funds was available to aid local non-profit and veterans' service organizations in recovering from the COVID-19 public health crisis. (Contd. Pg. 60)

## Ulster County Awards 50 Non-Profit Organizations with \$1.5 Million

(From Pg. 59)

Eligible 501(c)3 non-profits and 501(c)19 veterans' service organizations had the opportunity to apply for funding to aid in offsetting the disproportionate negative economic effects and increased community needs of the pandemic. Funding was available for proposals of \$5,000 or more, and less than \$50,000, with no local match required.

Almost 100 organizations applied for funding, and more than half are being awarded, with priority being given to those who work with vulnerable populations and to geographical diversity.

## All SNAP Households To Receive the Maximum Level of Food Benefits for August

### Supplemental Food Benefits Expected To Continue Through November

Governor Kathy Hochul today announced that all New Yorkers enrolled in the Supplemental Nutrition Assistance Program will receive the maximum allowable level of food benefits for August. All households participating in SNAP - including those already at the maximum level of benefits - will receive a supplemental allotment this month, resulting in a roughly \$234 million infusion of federal funding into the New York State economy.

"No New Yorker should face the prospect of not being able to provide adequate food to feed their household," Governor Hochul said. "These added benefits help to alleviate this aching concern for hundreds of thousands of individuals and families still struggling to make ends meet amid the ongoing economic recovery from the COVID-19 pandemic."

The emergency assistance supplement will be provided to all households, including those that ordinarily receive the maximum allowable benefit per month on SNAP, a federally funded program overseen by the New York State Office of Temporary and Disability Assistance. Households already near or at the maximum benefit level - \$835 for a household of four - will receive a supplemental payment of at least \$95.

SNAP households in all counties outside of New York City should see these extra benefits post between today and Friday, August 19. Those SNAP households in the five-county New York City region should see their benefits post between Tuesday, August 16, and Monday, August 29.

OTDA began issuing the emergency supplemental benefits in April 2020 to those SNAP households receiving less than the maximum monthly benefit amount. When New York State's emergency declaration expired in June 2021, the agency successfully worked with the federal government to secure the maximum allotment for all SNAP households until the expiration of the federal declaration of a public health emergency, which was extended until October and will enable OTDA to continue issuing these benefits through November.

New Yorkers continued to rely heavily on SNAP this spring, with more than 1.6 million households, including more than 2.8 million New Yorkers, throughout the state enrolled in the program in June. While SNAP recipients statewide dropped slightly from May, they were up 1.4 percent over June 2021, highlighting the continuing demand for these critical benefits.

WORLDS FAIR'S FILMS I-5  
AVAILABLE ON PRIME @ AMAZON.COM**

#1 The film is "**MEET ME IN ST. LOUIS.**" Might as well start with the best known one. **THE ST. LOUIS FAIR OF 1904 WAS THE LOUISIANA PURCHASE EXPOSITION**, commemorating the centennial of the notable land deal with France that gave America much of its Midwest. Among the highlights included a large bird cage, the world's biggest organ (at the time), a wireless telegraph tower, and a concession devoted to the Anglo-Boer War. Dr. Pepper and Puffed Wheat cereal debuted at the fair. **Meet Me in St. Louis** was, of course, inspired by the song "Meet Me in St. Louis, Louis," which is in the movie. Judy Garland is radiant, and the songs she sings, such as "**The Trolley Song**" and "**Have Yourself a Merry Little Christmas**," have become American standards.

**AVAILABLE ON  
PRIME @ AMAZON.COM**

#2. "**IT HAPPENED AT THE "WORLD'S FAIR,"** is set in **Seattle** this time and is the setting of "**THE CENTURY 21 EXPOSITION,**" **IN 1962**, all this occurred during The the "Space Race"(first to the moon) with the Soviet Union, then science & technology were major conversations in the press. The "**SPACE NEEDLE**" was constructed for the **FAIR** and has since become the symbol of **Seattle in general**. In addition, the **Monorail and the sports facility now known as the KeyArena** were built for the Fair. It also was an **Elvis movie, made after Jailhouse Rock** but before Viva Las Vegas. He sings a song called "Take Me to the Fair" on a ukulele to a kid. There's a scene in the Space Needle, of course. It's also **Kurt Russell's debut film**, back when he was a child actor. He kicks Elvis in the shins!

**AVAILABLE ON  
PRIME @ AMAZON.COM**

# 3 The 22nd Charlie Chan movie, "**CHARLIE CHAN AT TREASURE ISLAND.**" **SAN FRANCISCO'S GOLDEN GATE INTERNATIONAL EXPOSITION**" was held in **1939-40** (the same years as the New York Fair) on **Treasure Island, an**

**artificial island built for the Fair.** The Bay Bridge and the Golden Gate Bridge were relatively new at the time, and the island is where the two spans meet. The **Pacifica statue**, an 81-foot sculpture of the goddess of the Pacific Ocean, was the symbol of the Fair; and the third film featuring **Sidney Toler as Chan**, he heads out to SF during the Fair to investigate the death of a friend. **WAS IT SUICIDE - OR MURDER?** There's real footage of the fair, including aerial shots, in the film. Some say the Zodiac killer was inspired by this film to go on his killing spree. Plus, a young Cesar Romero.

#4 "**SO LONG AT THE FAIR.**" **THE PARIS' EXPOSITION UNIVERSELLE** was held in **1889** and it gave the world the **Eiffel Tower**, named for its designer, **Gustave Eiffel**, and though people were less than thrilled with it at first, it would go on to become world famous and synonymous with **Paris**, and indeed, **France** itself. **BUFFALO BILL AND ANNIE OAKLEY** performed there as part of their Wild West Show.

# 5 "**GAMERA VS. MONSTER X.**" **Expo '70, or Osaka Banpaku, was held in Osaka, Japan in 1970. IMAX debuted there. A moon rock from the Apollo 12 mission was on display, as were mobile phone prototypes.**

The Landmark Tower was built for the Expo, as was the Tower of the Sun, a structure with three human-like faces on its facade, moving staircases and an artificial tree inside. It inspired a song by Shonen Knife.

Even a Japanese monster movie has a Fair connection! Gamera is basically a giant turtle. I'm sure it's only a matter of time before we see him again).
